## Technology and English for Each Student

*ТТ - Teodora Taneva*

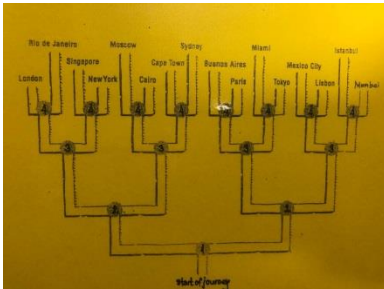

### TEACHERS NOTES

The activity is appropriate for students at the age of 10 to 16

The activity can be adapted to all kinds of grammar patterns

### MATERIALS

#### A Journey card for each student

#### PP Presentation

### INSTRUCTIONS

---

1. Give each student a journey card
2. Open the PP Presentation which consists of minimum four questions/statements for each slide. Each question/statement consist of two answers – wrong and right – Left or Right.
3. Point out Number 1 – Start of the journey
4. Show the students the first question / statement from the first slide.
5. Explain students that they have two options for an answer which are written as Left or Right. If they choose left, they have to take left direction and go to number 2. If they choose right, they have to take right direction and go to number 2. The same they have to do with question / statement Number 2, 3 and 4.
6. Explain the students that if they choose the correct answer all of them have to reach one and the same final destination.
